

Pro-Environmental Change: Youth Perspectives and Actions

Friday, October 21st, 2022 | 10:00-12:00 (CEST) | Online

Launch of Toolkit aiming to empower and inform youth on how to engage and lead pro-environmental change

The toolkit was developed by youth for youth to provide guidance on how to take sustainable action on four different levels: an individual, local & national, international and (social-media) communication level.

The event will cover these four main areas:

1. Tips for more sustainable lifestyle at home
2. How to take sustainable actions in your community, school, university or country
3. Engaging in environmental change on an EU- and international level
4. Leading change through effective (social media) communication
